4. Senate Committee on Foreign Relations

Letter from Chairman Fulbright to DCI requesting DCI appearance after 15 January. (DCI to talk with White House) This matter discussed with Carl Marcy on question of timing who indicated there was no current pressure on this since DOD McNamara would not be appearing until probably February.

5. House Foreign Affairs Committee

Apparently Dr. Morgan, the Chairman, talked briefly with DCI on question of appearance. This was followed up by Staff Director, Boyd Crawford, who asked for a convenient time. DCI will take up with White House. We owe the Committee a response on this one.
